**24 Programmable Zone
Intelligence DSP Technology
Automatically Calibration**

Walk Through Metal Detector

- Self-diagnostic procedures
- Input MBSU battery backup, in time power transfer.
- Modular structure to easy after service
- Auto Scan environmental interference at site.
- Automatically adapt to the working environment.
- Operation way: Keyboard and remote control (both)
- LCD friendly operation interface for user
- Automatically Calibration
- Two LED light bars on both door panels: gives alarm
- corresponding to the height or human body.
- Detect zone: free to change as single zone, 8 detect zone, 16 detect zone, 24 zones
- Advanced broadband detection technology:
- can detect ferrous and non-ferrous articles.
- Synchronous for different zones
- Sensitivity adjustable from Level 0 to 300
- High: Can detect a small coin
- Low: Detect big metal articles such as: knife, gun, and copper, aluminums, zinc (more than 150g), ignoring metal in belt button, shoes.
- Shock proof to avoid false alarm
- Sound and light alarm
- Intelligent traffic and alarm counters that calculate traffic flow and resultant alarms.
- Tamper-Proof: operate program is protected by password.
- Available 100 operate frequency, enable max 100pcs
- WTMD work side by side.
- Mix distance between two Walk-thru: 0.3 meters at low sensitivity, 0.5 meters at high sensitivity
- Harmless to pregnant woman and heart pacemaker
- Connect with computer, camera, turnstile ,etc (Optional)

Standards & Certificate

- ISO9001 ■ISO14001 ■HSMS18001 ■CE
- Certificate from Ministry of Public Security Safety and Police Electronic Products Quality Inspection Center
- In accordance with: EN60950, WN50081-1, EN50082-1
- Electric safety: En60950
- Anti-interference standard: EN50082-1
